Fabric Requirements: This stunning project obviously requires plenty of fabric and the process of selecting these fabrics may seem overwhelming. Start with a colorway – fall colors like the picture on the pattern, two colors you like together, or a bright and colorful palette. Once you have a general idea, you will need the following –

- Background fabric- You may choose four different background fabrics or use one for each place in the quilt.
 - Background A - 3 5/8 yards
 - Background B - 1 1/8 yards
 - Background C - 1 1/8 yards
 - Background D - 1 1/4 yards.
- If you choose to use only one fabric, you will need six yards total.
- For the flower petals in the center (this fabric will also be used in various other places in the quilt) you will need 1 3/4 yards each of two different fabrics (Label these fabrics E and F).
- For the final border color (Fabric G), you will need 1 5/8 yards. This fabric will also be used in other places in the quilt.
- Then select three other fabrics (Fabrics H, I, J) to go along with your other colors. You will need 1 1/4 yards of each of these final three choices.
- Finally, you will need 1/3 yard of Fabric K for an accent. This can be the darkest fabric and will be used at the flower point and in the diamond pattern.

Please identify and label which fabrics are which for ease of use in the class.

Pre-class Cutting Instructions: We will do the cutting in class.
