

Class 109 Crazy Blooms Supply List

Crazy Blooms is a fun quilt made using the "crazy" method of stacking and shuffling fabrics to make wonky blocks. The "crazy" method was made popular in a series of books in the past, put out by "The Buggy Barn Inc". This pattern was previously called "Spring Fever", and was in a book called Certifiably Crazy. It has been reissued in single-pattern form and renamed Crazy Blooms. 30 fat quarters will make 30 blocks, so if you want a larger quilt, just add more fat quarters. My sample was made with 42. Let's get crazy and make some crazy blooms!

Fabric Requirements:

- 30 fat quarters
- I recommend that you have a variety of contrasting colors that all look good together. It could be helpful but not necessarily required that the fabrics be from the same line. We will be shuffling the fabrics for each block and it helps if there is good contrast and color coordination.
- Additional fabric for optional borders, backing and binding is **not** required for class.

There are No Pre-class Cutting Instructions
