

Pinwheel

2024 Block Exchange

Cutting instructions: (HST stands for Half Square Triangles)

- Color #1 White or Light
 - Two 6 1/2" Squares (used to make 4 HST's)
- Color #2 Jewel tones
 - Two 6 1/2" Squares (used to make 4 HST's)

Half square triangle instructions:

- Place a white square on each of your color squares, right sides together.
- Draw one line diagonally on the white fabric, corner to corner.
- Sew 1/4" on both sides of that line.
- Cut on the drawn line for 2 HST's.
- Press seams open.
- Repeat with the other pair of squares.
- Trim all 4 HST's to 6 inches.

Follow the picture for patch placement. Sew into pairs first and press those seams opposing directions to nest for your final seam joining the pairs. Press final seam open to control bulk and help the block lay flat.

Do not trim any further! Recipients of the block exchange will be able to trim as they desire.

Make one or make many. Your pinwheels can spin either way.
