Lots of things in the works for camp!

Classes are on the [website](#), an early Easter gift from me!

Look for Classes under the Camp Menu Heading, and remember to click on the Supply List button to get the nitty-gritty details and more pictures!

There is a printable one-page list for you with just the images to drool over on the top of the class page, but all of the details are on the website.

Registration will open on May 1st!

Welcome!

Say hello to our newest teacher -

Elizabeth Bauman

Betsy, as her many friends call her, is a great addition to our staff in 2026. Her introduction classes being offered this year is just a peek at her talents and knowledge of Quiltmaking and Fiber Arts. Check out her complete bio on the [Teacher page](#) of the website, along with all of our other fabulous instructors! Consider taking classes this fall!

Thank you to the following companies for their fabulous support of Quilt Camp at Cedar Lakes!

2026 Challenge Block for Camp

For many years, we have had a challenge block at our camp, and this year will be no exception. There are rules and instructions on the website, and this is just a preview, but we are thrilled to have the assistance of Linda Bell and Denise Horning with this year's block conception! Perfect for our nation's 250th anniversary year, this block is another that is meant to be recut by the receiver after camp. Colors are specific, so read carefully! You can find the details on the [Itinerary Page for Quilt Camp](#).

And NOW...
